

ISTANBUL KÜLTÜR UNIVERSITY

iPhone Wi-Fi Connection Guide (Student)

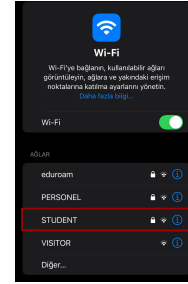

Step 1 – Open the Settings Menu

On the home screen, tap the Settings application.

Step 2 – Enable Wi-Fi and Select the STUDENT Network

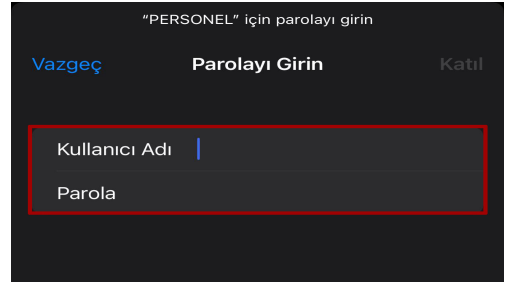

Go to the Wi-Fi section and turn on the Wi-Fi feature. Then select the STUDENT network from the list.

Step 3 – Enter Your Credentials

On the screen that appears, enter your information:

- **Username:** Your student number
- **Password:** Your IKU UNIPASS password (the same one used for CATS, e-mail, and SAP systems)

Step 4 – Approve the “Trust” Option on the Certificate Screen

When the certificate screen appears, tap the Trust button to complete the connection.
